

media unic

## Present your products, present information, animate – the “all-rounder” tool for digital signage

"media unic" is the professional digital signage solution for the address and promotion of advertising content. The key is the combination of convincing content, flexible online advertising and accessible technology.

Being part of the Bertelsmann Group, we offer you the best solutions including professional advertising marketing and production – all in one-stop.

Highlight current campaigns, present your products, services in an up-to-date manner. Display information, create opportunities or just daily business and strengthen your brand.

Reduce idle waiting in line and gain commercial revenue through advertisement marketing.
